

HEWITSONS

DEBT RECOVERY & LITIGATION

The aim of our Debt Services Unit is to supply a cost effective debt recovery solution to owner managed businesses, high profile national and international companies, public bodies and institutions.

Our team specialise in the recovery of overdue debts and commercial litigation resulting from debtor/creditor agreements. We seek to recover all sums due, including costs and interest, as quickly and efficiently as possible.

By focusing on our clients requirements we have developed industry leading procedures, using the latest software, for the efficient management and prompt recovery of debts, both here in the UK and overseas.

Our service is bespoke. From pre-action negotiation through to enforcement, we tailor actions and reporting to clients' precise needs to effectively operate as an extension of their own financial recovery functions. We can also help with your own internal procedures, offering advice, assistance and training where required.

We offer a single point of contact for advice and assistance on all aspects of recovery and enforcement on a continuous or project by project basis. Our experienced staff are supported by software that enables procedures to happen as quickly as possible, in the most cost efficient way for each client. Our reporting standards are second to none.

At every stage of the process we aim to keep you up to date. We can quickly and easily produce detailed financial management reports, which can be posted, faxed or emailed to you as frequently as needed in the format required.

In most cases, prompt action by our Debt Services Team is enough to produce a resolution of a

dispute. Unfortunately, in some cases protracted and complex litigation may still ensue. With Hewitsons, should a debt become a defended matter, your interests will be pursued with the considerable resources of our highly experienced legal professionals.

- Letters & telephone calls before action

- Issuing & service of Claims
